Mental health problems can affect anyone, rich or poor, young or old, shattering the lives of those affected and the lives of the people close to them. One in four of us will experience a mental health problem at some point in our lives.

* For instance, in the workplace:

- 1 in 5 fear mentioning stress would put them first in line for redundancy
- 7 in 10 said their boss would not help them cope with stress
- Staff turnover, as a result of employees leaving their jobs due to mental ill health, costs £2.4 billion

(* Figures taken from Mind survey)
